Reinforced ropeholds
Even wall thickness for durability

The A Series is the product that launched the Polyform story. This all-purpose buoy, with the signature “blue ropehold” has proven itself in the most adverse conditions. Making gear used in heavy seas is no easy task. That’s why more fishermen use Polyform A Series than all other buoys combined. You name it—ocean, sea, river or lake—and Polyform products have been there. Put your trust in Polyform’s proven products.

Uniquely Polyform
NOW, 40 YEARS IN THE U.S.A.

The #1 Monofilament in The World®

Momoi®

Quality since 1905

MOMOI FISHING MFG. CO., LTD. KOBE, JAPAN

SALMON GILLNETTING

We have supplied the Momoi brand of gillnetting to the commercial fishing market since 1975.

We supply gear for all major commercial fisheries in Alaska including Bristol Bay, False Pass, Port Moller, Sand Point, Cook Inlet, Prince William Sound, and Southeast Alaska.

Gillnetting is also available for Washington, Oregon, and California and any fisheries. Any gillnetting can be special ordered from the factory with a minimum of 90 days for delivery. The following styles are available:

Alaska Legal Salmon Gillnetting:
- Supertwist (MST) - 10-12% stronger than Monotwist
- Monotwist
- MA-6 Super 6 Strand

Herring Web:
- Single Strand Monofilament: Legal only for herring in the State of Alaska, as well as salmon in Cook Inlet!

State of Alaska law requires that gillnetting used for salmon must contain at least six filaments, each of which must be at least #1.5 in diameter - equivalent to 0.20mm.

Setnetters: Special Order

Nets can be ordered with Guard Mesh on a special order basis. This puts heavier web on the top and bottom right where most of the abuse occurs.

No Stock # for this service - Special order.

Paneled Nets: Special Order

You can order your web with different color "panels" manufactured into it.

Note - Some sizes are limited to a double-knot, but the majority of the sizes are available in Momoi's patented No-Slip triple knot. Any color may be ordered from the Momoi color chart for any type of gillnet. Shades produced by other manufacturers may also be ordered.
Sample cards & price quotations are available on request.

1) MST Silk

This reengineered edition of Momio's High Test Multistrand combines strength with the right amount of stretch and a soft feel to produce netting of the finest quality. MST Silk is constructed with the filaments of M-1 nylon #1.5 - 0.20mm twisted into the sizes listed below. MST Silk is only available in triple knot.
The sizes are as follows:

MST #26	(#1.5 x 6 strands)
MST #29	(#1.5 x 7 strands)
MST #33	(#1.5 x 8 strands)
MST #43	(#1.5 x 9 strands)
MST #50	(#1.5 x 10 strands)
MST #63	(#1.5 x 12 strands)
MST #73	(#1.5 x 14 strands)

2) MA 6

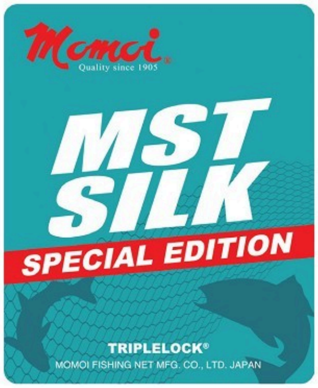
Momoi's premium 6 stand product also made with M-1 nylon. Constructed with 6 filaments in all twine sizes. The individual filaments increase in diameter improving durability in high abrasion environments such as pressure washers, chums, etc. A great choice for setnets.
The sizes are as follows:

MA-6 #29	(#1.75 x 6 strands)
MA-6 #33	(#2.00 x 6 strands)
MA-6 #43	(#2.25 x 6 strands)
MA-6 #50	(#2.50 x 6 strands)
MA-6 #63	(#3.00 x 6 strands)
MA-6 #73	(#3.50 x 6 strands)

3) Monotwist Gillnet

Momoi's MonoTwist (MT) is the same twine configuration as MST but made with standard strength nylon. A more economical choice for many fisheries but still built to Momoi's high quality standards.
The sizes are as follows:

MT #26	(#1.5 x 6 strands)
MT #29	(#1.5 x 7 strands)
MT #33	(#1.5 x 8 strands)
MT #43	(#1.5 x 9 strands)
MT #50	(#1.5 x 10 strands)
MT #63	(#1.5 x 12 strands)
MT #73	(#1.5 x 14 strands)
MT #83	(#1.5 x 16 strands)
MT #93	(#1.5 x 18 strands)
MT #123	(#1.5 x 24 strands)



4) Single Strand Monofilament

Momoi offers monofilament in 25 sizes from #1 - .017mm, smaller than the diameter of human hair, to #53-1.20mm. Momoi extrudes all of there filament controlling the quality from start to finish. We supply netting to fisheries all over the United States, so call for a quote on Momoi's high quality mono filament in triple knot or double knot.

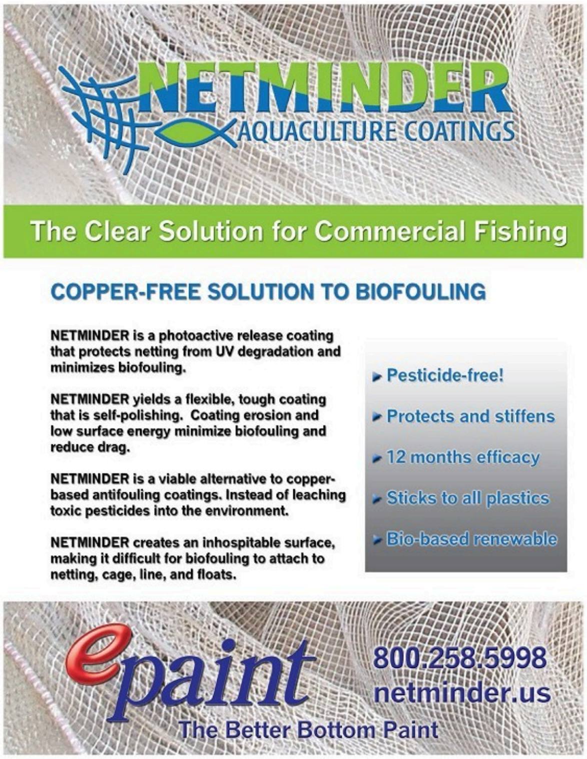
NETMINDER
WATER-BASED SILICONE RELEASE COATING

- A photoactive release coating.
- Protects nets from UV degradation and biofouling.
- Pesticide-free, a good alternative to copper-based coatings.
- Doesn't leach toxins into the environment.
- For netting, cages, lines, buoys, and floats.
- Will stick to all plastics and stiffen nets.

Stock #	Description
EPCNM401G	PAINT ANTIFOUL NETMINDER GA
EPCNM401F	PAINT ANTIFOUL NETMINDER 5GA
EPCNM401D	PAINT ANTIFOUL NETMINDER 55GA



NETMINDER
AQUACULTURE COATINGS
The Clear Solution for Commercial Fishing

COPPER-FREE SOLUTION TO BIOFOULING

NETMINDER is a photoactive release coating that protects netting from UV degradation and minimizes biofouling.

NETMINDER yields a flexible, tough coating that is self-polishing. Coating erosion and low surface energy minimize biofouling and reduce drag.

NETMINDER is a viable alternative to copper-based antifouling coatings. Instead of leaching toxic pesticides into the environment.

NETMINDER creates an inhospitable surface, making it difficult for biofouling to attach to netting, cage, line, and floats.

- Pesticide-free!
- Protects and stiffens
- 12 months efficacy
- Sticks to all plastics
- Bio-based renewable

FISA Seine Netting

For the option of an imported product, we have gone all the way to Peru to find the highest quality import available. FISA, based in Lima has been in the netting business for more than sixty years. They are a leading manufacturer of seine netting, supplying some of the largest fisheries in Peru and all of South America. FISA uses only the finest materials, machinery, and staff to manufacturer seine netting to world class standards.

Diamond Nets

Seine netting from Diamond Nets is made in the USA using the finest quality Dupont nylon. Every stage of production takes place right here in Washington State. From the twisting of spun filaments, to making the raw twine, to making the bales of netting, the entire process is carefully controlled by the Diamond Nets staff who have more than forty years of experience. With Diamond Net seine netting you are assured of the highest quality American Made netting.

Jinkai Fluorocarbon Leader

- A very low visibility line.
- Developed to help catch leader-shy fish.
- Specific gravity of 1.78 for quick sinking.
- Practically invisible, will not absorb water.
- Excellent impact strength and abrasion resistance.

Stock #	Description
USSFC9033	LINE FLUOROCARBON 90# X 33YD
USSFC33	LINE FLUOROCARBON 130# X 33YD

Jinkai Loop Protectors

- Highly flexible, vinyl-coated springs.
- Designed to slide over monofilament line.
- Provides abrasion protection and smooth movement.
- May be cut to length.

Stock #	Description
USSLP1410	LOOP PROTECTOR 1.4MM 10/PK
USSLP2210	LOOP PROTECTOR 2.2MM 10/PK
USSLP2.6-500	LOOP PROTECTOR 2.6MM 500PK

Jinkai Leader Sleeves

- These sleeves are made from a special aluminum alloy that is easy to crimp and resists electro-corrosion in saltwater.
- The soft metal and oval shape provide a permanent crimp without compromising the strength of the line.

Neptune Cod Triggers

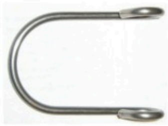
- Used to modify crab pots for catching cod.
- Sold by the set.

Stock #	Description
NTT9X18CTA	TRIGGER 9" X 18"
NTT9X27CT	TRIGGER 9" X 27"
NTTCT	TRIGGER 9" X 33.5"

SNT Cod Excluder

- Stainless steel.
- 9" X 9" square.

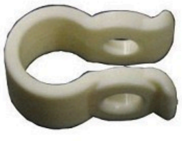
Stock #	Description
SNTSSEX	EXCLUDER FOR COD SS 9X9 SQUARE



WAG Tunnel Up

- Stainless steel.
- Aims crab pot tunnel entrances up.

Stock #	Description
WAGTUNNEL-UP	TUNNEL UP SS



ECL Non-Metallic Tunnel Up

- Proven design and non-metallic material.
- Aims the tunnel entrances upward.
- Clips onto middle cross bar of crab pot.
- Two suggested per pot.

Stock #	Description
ECLTUNNEL-UP	TUNNEL UP

ECL Shrimp Tunnel

- A tapered tunnel entrance for shrimp traps.
- Used in recreational and commercial applications.
- Made of pliable, low density polyethylene.
- Protruding fingers help limit shrimp/prawn escapement.
- 7-1/2" width and height opening.
- 3" square opening at tunnel end.
- 7/8" fingers.

Stock #	Description
ECLSHRIMPTUN	SHRIMP TUNNEL PLASTIC

LPC Pot Saver

- UV resistant nylon prevents chafing of pot lines.
- Inside diameter measures 7/8".

Stock #	Description
LPCPS	POT SAVER UP TO 7/8" LINE

LPC Nylon Grommets

- Available in three sizes, 5/8", 7/8" and 1".

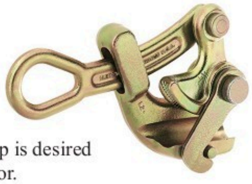
Stock #	Description
LPCG58	GROMMET NYLON 5/8" SM
LPCG78	GROMMET NYLON 7/8" MD
LPCG1	GROMMET NYLON 1" LG

ECL Buoy Grommets

- Made from inflatable buoy material.

Stock #	Description
ECLBG	BUOY GROMMETS

Klein Rope Grips



- Designed for use when light, compact grip is desired and where cable deformation is not a factor.
- Gripping pressure from knurled jaw is applied to cable.
- 8,000 lb. maximum safe load.

Stock #	Description
BNJ1625-20	GRIP KLEIN WIRE ROPE .28 - .75
BNJ1625-20-1	GRIP KLEIN WIRE ROPE .50 - 1.0

CGP Line Markers

- Adhesive-lined shrink tubing.
- Fits 1/4" - 7/16" line.
- Guaranteed not to slip.
- Color coded, available in five colors.
- 50 per package.

Stock #	Description	
CGPCLMBK	CRAB LINE MARKER BLACK	50/PK
CGPCLMBL	CRAB LINE MARKER BLUE	50/PK
CGPCLMGR	CRAB LINE MARKER GREEN	50/PK
CGPCLMRD	CRAB LINE MARKER RED	50/PK
CGPCLMYL	CRAB LINE MARKER YELLOW	50/PK

THM SOLAS Reflective Tape

- Pressure sensitive reflective tape.
- Apply to nearly any surface.
- Sold by the foot or by the roll.
- 2" wide x 150'.

Stock #	Description
THM56643	TAPE REFLECTIVE SOLAS 2" X 150

DAT SOLAS Reflective Tape

- Highly reflective prismatic material.
- Weather and solvent resistant.
- Made from fully metalized, 8 mil UV stabilized film.
- DX is Datrex brand; RX is Reflexite brand.
- Sold by the foot or by the roll.
- 2" wide x 150'.

Stock #	Description
DATDX1020M	TAPE REFLECTIVE SOLAS 2X150 DX
DATRX1000M	TAPE REFLECTIVE SOLAS 2X150 RX

INC Reflective Tape

- Engineer grade reflective tape.
- Vibrant during the daytime, reflective at night.
- Rated for 7 years of outdoor use.
- Often used for creating buoy stripes.
- Aggressive adhesive will stick to clean and dry surfaces.
- Sold by the foot or by the roll.
- Available in green or red.
- 2" wide.

Stock #	Description
INCHRT2150GR	TAPE REFLECTIVE 2" X 150' GR
INCHRT2150RD	TAPE REFLECTIVE 2" X 150' RD

TPI Twist On Red Top Bait Jars

- 2 or 3 quart with holes.
- White canister with removable lid.
- Canister is white; lid is red.
- 24 per case.

Stock #	Description
TPI2WH	BAIT JAR W/HOLES RD&WH 2 QT
TPI3WH	BAIT JAR W/HOLES RD&WH 3 QT

Stock #	Description
TPI-L	BAIT JAR LID ONLY FOR TPI RD

Silver Horde Morrison Bait Jars

- Molded heavy gauge plastic bait jar.
- Snap on lid.
- Measures 3" x 6".
- Available in white and orange.

Stock #	Description
SILMORNHOLWH	BAIT JAR MORRISON NO HOLE WH
SILMORWHOLWH	BAIT JAR MORRISON 3/8 HOL WH
SILMORNHOLOR	BAIT JAR MORRISON NO HOL OR

Silver Horde Bait Jar Lid

- Molded heavy gauge plastic bait jar lid.
- No holes.
- Snaps into place.
- Color: natural white.

Stock #	Description
SIL-LIDNH	BAIT JAR LID MORRISON NO HOLE

Scotty Vented Bait Jars

- Round plastic jar with screw-on lid.
- Lets bait smell out and keeps sea lice from entering jar.
- Vented lid & jar.
- Available in natural white and red.

Samson Coated Tenex

- 12-Strand Samthane-coated high-tenacity polyester rope offering high strength coupled with low stretch and outstanding abrasion resistance.
- A viable alternative to using double braids when easy field splicing and economy are major considerations.
- Easy to splice.
- Excellent abrasion and snag resistance.
- Firm round construction.
- High strength to weight ratio.
- High strength per diameter.
- Available with a clear, black, green, orange, red, blue or yellow coating.

Victorinox 40509 Knife

- Serrated 3-1/4" stainless steel blade.
- Black nylon handle, 12 per box.

Stock #	Description
FOR40509	KNIFE 3-1/4" WAVY BLACK 881W

Paclite Marker Lights

- Typically used as a gillnet marker or with halibut poles.
- May be attached with its screw-on base.
- Uses two D-cell batteries.
- Waterproof.
- Light is activated by photo sensor
- Replacement bulbs available: PISPACBULB-1.
- 6” tall.
- Not USCG approved.

STEADY

Stock #	Description
PISPACLITE-ST	PACLITE STEADY ON
PISPACLTSTLED	PACLITE STEADY ON LED

BLINKING

Stock #	Description
PISPACLITE	PACLITE BLINKING
PISPACLIT-LED	PACLITE BLINKING LED

ITM Marine Strobe Marker Lights

- Range of 1 to 2 miles.
- Sturdy, long lasting plastic housing.
- Battery life depends on daylight hours, water temperature and battery quality (3 to 4 weeks).
- Light is activated by photo sensor.
- Uses 2 "D' batteries, batteries not included.
- Not USCG approved.

Stock #	Description
ITMDYX-285	LIGHT STROBE WHITE W/ RED 2D
ITMDYX-285A	LIGHT STROBE WHITE W/ AMBER 2D

ITM Strobe Light

- Highly efficient photosensitive strobe light.
- Ideal for longline gear, crab pots, gill nets, and other buoys.
- Has 2 color flash, red LED and white xenon.
- Visibility range of 1 to 2 miles.
- Life of 3 to 4 weeks depending on: daylight hours/ water temperature and battery quality.
- Uses 1 D cell battery.
- Not USCG approved.

Stock #	Description
ITMRX1	LIGHT STROBE W/ RD LED

Scotty Navigation Light

- Fresnel lens - 360°.
- Noryl plastic body, brass bulb socket.
- Uses #90 miniature DC bayonet bulb.
- Not Coast Guard approved.

Stock #	Description
SCT802-C	LIGHT NAV W/ CLEAR LEN
SCT802-R	LIGHT NAV W/ RED LENS

SeaMar Pole Light Adapter

- 2” tall aluminum pole to light adapter
- Acme thread one end, other end has ¼” hole to accept lag bolt for attaching to light pole.
- For use with strobe and steady-on marker lights:
  - PISPACLITE, PISPACLIT-LED, PISPACLITE-ST,
  - PISPACLTSTLED, ITMDYX-285, ITMDYX-285A.

Stock #	Description
SMFPOLEADAPT2	ALUM ADAPT F/ GILLNET LIGHT V2

SMFFP01 *SMFFP02*

SMFFP03

SeaMar Pole & Float Light Setup

- A durable, heavy-duty jacklight set-up.
- Pole is 1-1/4” O.D. schedule 40 aluminum tubing.
- Float is a yellow EVA seine float.
- Lead weight is crimped in place (not screwed in).
- Female acme threaded socket on top of the mast.
- Fits a Paclite 2-cell light or the ITM 2-cell strobe light.

Stock #	Description
SMFFP01	POLE & FLOAT FOR LIGHT 30”
SMFFP02	POLE & FLOAT FOR LIGHT 50”

- Fits a Paclite 2-cell light.
- Length: 12”.

Stock #	Description
SMFFP03	POLE & FLOAT 12” USE PIS LIGHT

Cal June “Lighthouse Buoy” Pole/Float

- A portable, miniature lightouse on land or sea.
- Uses the Jim Buoy 9000 light.
- Features a tough, vinyl-coated foam float.
- Has a 4-foot shaft with a ballast.
- Single-piece construction.

Stock #	Description
CAL9000-4	SHAFT, BALLAST, & FLOAT 4’

Cal June High-Intensity Flashing Light

- A high intensity flashing LED light with photo sensor.
- Waterproof, rugged plastic housing.
- 1 mile visibility.
- Uses 2 alkaline D cell batteries.
- Not USCG/SOLAS approved.
- Color: amber or white.

Stock #	Description
CAL9000XA	LIGHT STROBE LED W/PS AMBER
CAL9000XW	LIGHT STROBE LED W/PS WHITE

Cal June High-Intensity Steady-On Light

- A high intensity steady-on LED light with photo sensor.
- Waterproof, rugged plastic housing.
- 1 mile visibility.
- Uses 2 alkaline D cell batteries.
- Not USCG/SOLAS approved.
- Color: red or white.

BernzOmatic MAPP Gas Cylinder

- MAP-Pro hand torch cylinder.
- Ideal for medium to heavy soldering and brazing.
- Flame temperature in air is 3,600 degrees F.
- Size: 14.1 oz.

Stock #	Description
BNZ332477	MAPP GAS CYLINDER 14.1 OZ

BernzOmatic Propane Fuel Cylinder

- Hand torch propane cylinder.
- Ideal for general soldering.
- Flame temperature in air is 3,450 degrees.
- Size: 14.1 oz.

Stock #	Description
BNZTX9	PROPANE CYLINDER - 14.1 OZ

BernzOMatic Broad Base Propane Cylinder

- Ideal for camping and other tasks.
- Flame temperature in air is 3,450 degrees.
- Size: 16.4 oz.

Stock #	Description
BNZTS916	PROPANE CYLINDER 16.4 OZ

BernzOMatic Propane Torch Kit

- Two-piece Bernz-O-Matic propane torch kit.
- Includes brass torch with adjustable flame knob.
- Comes with 14.1 oz. container of propane.
- An easy, do-it-yourself soldering kit.

Stock #	Description
BNZUL100	TORCH KIT 2-PC W/14OZ PROPANE

BernzOmatic Self-Igniting Torch Kit

- A compact design for portability and use in tight spots.
- Easy trigger-start ignition and fully adjustable flame knob.
- Comfort grip handle for easy control.
- Runs on propane fuel only.
- Kit includes torch head and 14.1 propane cylinder.

Stock #	Description
BNZTS3500KC	TRIGGER START TORCH KIT W/PROP

BernzOmatic Torch Kit

- Instant on/off trigger ignition.
- Large, optimized swirl flame.
- Adjustable flame control allows for a more precise flame.
- Run lock button keeps torch lit for finger-free use.
- Pressure regulated for consistent performance.
- Cast aluminum construction provides added durability.
- Includes a 14.1 oz. MAP-Pro-filled cylinder.

Stock #	Description
BNZTS8000BZKC	SUREFIRE TORCH KIT W/ MAPP GAS

BernzOmatic Trigger-Start Torch

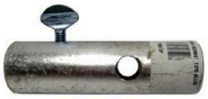
- Equipped with an adjustable flame control for various jobs.
- One-click instant-on trigger igniter for easy lighting.
- May be locked on for continuous use.
- Emits a hot, efficient flame.
- Uses propane or MAP-Pro fuel.

Stock #	Description
BNZTS4000TSM	TORCH HEAD TRIGGER START

BernzOmatic Propane Torch Head

- High-quality brass construction.
- Produces a 1/2" pencil-point flame for detail work.
- Burns propane fuel only.
- Gives three times the heat output of other torches.

Stock #	Description
BNZUL2317SM	TORCH BURNER ASSEMBLY ONLY



HMI Rope Burner Tip

- Machined aluminum construction.
- This tool uses heat from a torch to cut rope.

Stock #	Description
HMITIP	TORCH BURNER TIPS ALUM

Bernz-O-Matic Spark Lighter

- Manual start spark lighter.
- Includes several replacement flints.
- Simple one-hand operation for igniting torches.

Stock #	Description
BNZTX405	SPARK LIGHTER WITH FLINTS

Bernzomatic Replacement Flints

- For use with spark lighter with manual start torches.
- Pack includes six replacement flints.

Stock #	Description
BNZTX-406C	FLINTS 6 PACK TORCH

BTC Single Block w/ Hook

- Galvanized finish, fits 3/8" rope.
- Connections and shells are drop forged steel.
- Bronze self-lubricating bushings.

Stock #	Description
BTC724-5335	BLOCK STL SGL HOOK 3" FOR ROPE

BTC Single Block with Shackle

- Galvanized finish, fits 3/8" rope.
- Connections and shells are drop forged steel.
- Bronze self-lubricating bushings.

Stock #	Description
BTC724-5336	BLOCK STL SGL SHKL 3" FOR ROPE

NORU42	UNLOAD BRAILER HOOP ONLY 42"

Custom Brailers

- Contact our specialty net division for information regarding crab brailers, stand-up brailers, and other custom items.
- We will build to your specifications.

ORDERING

When ordering, please specify quantity, stock number, and description. Please call us toll free for pricing and availability. Orders can also be placed on our consumer website www.seamar.com or on our business to business website at www.b2b.seamar.com. This catalog does not reflect every item that we carry in our inventory. If you do not see the item that you need please give us a call, we may have it in stock.

TERMS

Terms of 30 days extended to approved accounts only.

PRICES

All prices are F.O.B. our warehouse unless otherwise arranged. Prices are subject to change without notice.

CLAIMS

All claims for shortages must be made within fifteen (15) days of receipt of merchandise. Any item delivered damaged or any shipment lost is the responsibility of the carrier.

NORTHERN
POLARIS

SHIPMENT INSPECTION

Please inspect all products upon receipt. Freight damage or shipping errors must be reported to Seattle Marine within 15 days of receipt of goods. The customer must also note any freight damage or piece count shortage on the delivering carrier's receipt. It may be necessary to file your claim directly with the carrier. We cannot file the claim for you. We will be glad to assist you if you have a problem.

WARRANTIES

All warranties on merchandise we distribute are implied by the manufacturer only and not by the distributor. All defective merchandise returned to us will be returned to the respective manufacturer involved for warranty evaluation. Manufacturers will not honor any warranty on items where attempted repairs have been made. In no event shall liability exceed the cost of the item involved.

RETURNS

Returns for refund/credit allowed within 60 days of purchase with a sales receipt and must be unused, in its original packaging and in sellable condition, except defective. Returns between 61-90 days will include a 15% restock fee, unless defective. No returns on special orders or merchandise that has been cut to length (line, hose, chain, netting, etc.). Contact Seattle Marine for an RGA # prior to returning merchandise at (800) 426-2783. The RGA# will be valid for 45 days. For merchandise thought to be defective, a determination of defective goods will be made by the manufacturer or factory representative. All defective clothing must be laundered prior to return if worn. All returns should be returned to Seattle Marine freight prepaid by purchaser.

CHARGES FOR HAZMAT PACKAGES

There are additional charges for Hazardous Material Packages. We will only pass on the actual charges assessed by the carrier plus the cost of any special packaging that is required.

PAYMENT

We gladly accept Visa, Mastercard, and American Express for internet, telephone, mail order and faxed orders. We do not ship orders C.O.D.
